PRICE FIVE CENTS

BLAMED BY JURY FOR EYLER DEATH

Coroner's jury Thursday afternoon sister: Daniel M., Robert P. and Mrs. April 28 in which John William ington, D. C.

McKenrick, 56, Biglerville R. 1. of the Bender Puneral Home.

Dr. C. G. Crist, county coroner, had deplored the practice of hauling men and equipment simultaneously in highway trucks, and the jury noted at the conclusion of its verdict: "The jury recommends that the practice, of many years standing, of hauling men, equipment, materials and trailing vehicles by the same truck be discontinued as far as possible."

Combination Of Causes

The jury held that Mr. Eyler came to his death as a result of a fractured skull suffered when the state highway truck upset while attempting to negotiate a curve and Mr. Eyler, then being a passenger in the truck, was hurled against the earth."

Francis McGlaughlin, Fairfield, foreman of the state highway crew on the truck, told the jury he was seated in the cab of the vehicle. After it overturned he crawled out the window, and found Mr. Eyler, still seated on the plank across the truck, rigidly gripping the plank. He had apparently held on to the plank as the truck turned over and was not thrown out of the vehicle, but was still there, upside down.

In its verdict the jury held that "a mechanical defect, the speed of the truck, the load upon it, and the tar kettle trailer attached, all combined to contribute to the failure to negotiate the curve."

Dr. Crist Gives Opinion

Two mechanics testified concerning the condition of the truck. Ralph Koontz, Gettysburg R. 2, of the Adams County Motors here, said he had tested the truck shortly after the accident and found the brakes "tricky." but added that he had tested the vehicle when it was unloaded and without the tar kettle trailer attached. Harlan Staub, New Oxford, said he was present when the truck was taken apart to determine the possible cause of the Father Of Local crash. Nothing mechanically wrong was found with the brakes, but, he added, "a ball at the end of the steering column was out of round and at the other end of the column the fitting had clogged so grease could not get down. As a result the steering would be sticky with that weight on the truck, and I personally think the combination of factors, the weight of the load, the curve, the steering column defect, and the trailing tar pot all combined to cause the accident."

Toward the end of the inquest Dr. Crist, stepping out of the role of interrogator, held, "I know the Will Speak Sunday practice has been going on probably since the first highway crew went out to work, but we shouldn't put innocent men on a truck with I wouldn't want that responsibility and I don't think it's fair to any-

Norway plans two projects to shorten the 310-mile railway from Bergen to Oslo. In eastern Norway a new line will be laid and a six-mile-long tunnel will be bored. In western Norway, a tunnel will be cut through Ulrikken Mountain at Bergen. Construction will take five or six years and will shorten the line about forty miles.

British railways are adapting the "piggy-back" idea to vacation travel. This summer, tourists going by rail from London to Perth, Scotland, can take their automobiles along. Flat ears to carry the autos will be attached to sleeping-car trains. The idea is that tourists will like the prospect of a restful overnight journey by rail, plus the convenience of the family ear for sightseeing at their destination.

With tongue in cheek, the British publication "Railway Gazette" gives its readers this definition of a "sleeper," which is what the British call a railroad tie. "A sleeper is one who sleeps. A sleeper is also a place where a sleeper can sleep. And a sleeper is, too, a thing over which runs the sleeper in which the sleeper sleeps, so that the sleeper in the sleeper sleeps while the sleeper runs on the sleeper."

Bream Garagemen Capture Little League Title By Defeating Rotary 7-1

Thursday's Score

G. L. Bream Garage 7; Rotary 1. Tonight's Game Moose vs. Lions, 6:15.

Behind the combined three-hit pitching of Wayne Fissel and Hardy Nichols, the G. L. Bream Yankees copped the 1955 Little League championship by downing the Rotary 7-1 Thursday evening. Although the Yankees have two more games Washington at Chicago - Schmitz remaining, they hold a 31/2-game

The Yanks opened with four big rink (0-5) vs. Shantz (4-6). Mark Eckert and consecutive extra | Garver (7-9). base hits, a double by Hardy Nichols New York at Cleveland - Turley and a triple to deep center by Tony (11-7) vs. Wynn (11-4). Claybaugh helped in chalking up the four tallies.

The Rotary tallied their only run Detroit 6-3, Boston 0-7 in the bottom of the third. Jim Baltimore 10-6, Kansas City 7-4 Davies led off with a free pass, went | Cleveland 5, New York 4 t osecond on a steal and came home on an infield miscue.

Shine On Defense

The Breammen added two runs in the fifth on singles by Nichols, Claybaugh and Eckert, and walks to Steve Olson and Redding. In the sixth Eckert, Fissel and Nichols led off with singles to produce one run and knock Carl Johnson off the mound after a fine pitching performance. Jim Davies came on to retire the side. During this last St. Louis at Brooklyn - Poholsky inning outbreak the fans were treated to excellent fielding plays on the part of Rodney Rudisill, Jack Heikkinen and John Holoka. The Milwaukee at Philadelphia (N) strong arm of Rudisill kept Eckert from a triple as he tossed the ball from deep left to Heikkinen at second. When Fissel tried to score, Rudisill again put everything into his throw and was able to nab the runner at the plate. The payoff came when Rudisill caught a long high line drive in deep left and fired to second to catch the runner off base for a double play. On the play Heikkinen was shaken up little.

Hardy Nichols and Tony Claybaugh topped the Yankee hitting attack by collecting three and two hits, respectively. Between both men son, the starter for the Rotary, was also relieved in the fifth by Jim three wins for Littlestown. Davies. Both of the starting pitchers receive the decisions, Fissel the a pair of hits for Littlestown. winner and Johnson the looser,

THE CHURCH POINTS THE WAY

Thousands of columns have been published in American newspapers about Juvenile Delinquency. Investigations have been held in scores of cities, and many witnesses have been called in an effort to find the cause and the cure.

In all this sudden excitement little has been said about the lack of religion in the homes and hearts of these thousands of unfortunate youths. Far too much emphasis has been placed on inadequate play facilities, too fittle discipline, too few policemen, etc.

Juvenile Delinquency is primarily a moral and religious problem. Neither jail nor playground, as necessary as they are, will do much to foster love, goodwill, self-respect and charity in the heart of a person. The development of love and charity in the life of a youth needs constant day by day cultivation. But how can a parent properly train a child if that parent has had no religious or spiritual training or background and lives a selfish and faithless life? How can a parent teach a youth the fundamental spiritual values if that parent does not even attempt to live an exemplary life and does not admit his or her dependence upon God, our creator?

Down through the ages the Church has been the bulwark against crime, sin and evil. Those who would solve the problem of delinquency in young or old should seek the way of the Church, for those who need spiritual healing should seek spiritual treatment. The Church stands ready to help parent and youth alike.

THE CHURCH FOR ALL . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for

the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
